Fights for the health, education, and financial stability of every person in every community. In Greater Lafayette, that means equipping people with the tools necessary to live their best life possible from cradle to career. The Cradle to Career Commitment is a community-wide effort to help people develop the necessary skills for a lifetime of good decision-making. We are more than fundraisers. We are hands-raisers. We raise our hands not only to lead the fight but to reach out to people who need help. And hope. We take on the complex challenges; the ones that are difficult to talk about and bring people together to create lasting solutions.
